

Voice Mail

1) Setting Up Voice Mail

- (1) Goto the 'My Account' Web page
- (2) Activate The Voice Mail feature
- (3) Activate The Call Forward feature
- (4) Goto the Call Forward settings page. Choose to Call Forward to your Voice Mail.

Once the Voice Mail feature has been set up on your account, you can record your message. Dial **090912345** and then press # and follow the voice prompts. Default password is 1234

To listen to your voice mail, please dial the access number **090912345#**, and then follow the voice prompts.

If you want to leave a message in your mailbox yourself then just dial the access number **090923456#**

NOTE:

Voicemail is not available on VoIP accounts that start with 4568. If your account starts with this prefix please contact us for an alternative account.
